JYOTI YADAV

B.Tech Computer Science Engineering Student | Email: [your email] | Phone: [your phone] | LinkedIn: [your LinkedIn URL] | GitHub: [your GitHub URL]

CAREER OBJECTIVE

Computer Science Engineering student seeking opportunities to apply programming and web-development fundamentals, build practical projects, and continue learning through hands-on experience.

EDUCATION

Bachelor of Technology (B.Tech), Computer Science Engineering
Noida Institute of Engineering and Technology (NIET) — *[Expected graduation year]*
Relevant coursework: Data Structures and Algorithms, Object-Oriented Programming, Database Management Systems, Computer Networks, and Machine Learning.

TECHNICAL SKILLS

Programming: C++, Java, Python *(edit to include only languages you can use confidently)*

Web Development: HTML, CSS, JavaScript *(keep only the technologies you have learned)*

Tools: Git, GitHub, Visual Studio Code *(edit based on your experience)*

PROJECTS

Personal Portfolio Website — In Progress
Building a responsive personal website using HTML and CSS to present an introduction, skills, projects, and contact information.

Landing Page — In Progress
Creating a responsive travel-themed landing page using HTML and CSS, including navigation, destination cards, and mobile-friendly layouts.

Calculator — In Progress
Developing a browser-based calculator with HTML, CSS, and JavaScript for basic arithmetic operations.

INTERNSHIP

CODSOFT — Web Development Intern
Internship offer received. Working on Level 1 web-development tasks: Portfolio, Landing Page, and Calculator. *Update this section to reflect your actual progress and internship dates.*

STRENGTHS

Willingness to learn, problem-solving mindset, and interest in building practical software projects. *Keep these only if they describe you.*
